Production area: S. Giovanni al Natisone.

Vineyard: La Duline

Grape variety: Malvasia Istriana 100% (two biotypes from old vineyards)

Plant placement year: 1930/1977

Breed/Rear: One side guyot; meadow vineyard cultivated without irrigation nor manure, pollard assistance or bunches thinning. The very excellent productive growing equilibrium has never required thinning out bunches.

Soil: limestone/pebbly

Grapes production: 1 kg

Grape harvest: Manual, into boxes by the mid of September 2007

Wine-making: Done in the absence of sulphur dioxide; maceration on peels before fermentation at room temperature; soft press; cool settling; alcoholic and malic-lactic fermentation, thinning in a 250 litre barrique; permanence on total yeasts for 11 months until the bottling

Bottling: In July 2nd 2008, on the fruit days, 161 magnum wine bottles without sterile filtering have been filled up from the selection of an only barrel.

Alcohol by volume: 13.0%
